

Sheet Music

Available on Sheet Music Plus

All sold arrangements on Sheet Music Plus are fully licensed. The fee you pay for the arrangement is fully distributed amongst the correct publishing company, original artist, distributor and arranger. The arrangements published have all been fully tested on school marimba bands, and have all successfully been taught and performed.

The arrangements are ideally suited for Marimba Workshop instruments but can be transferred to other instruments. All arrangements have been carefully scrutinized by multiple marimba teachers and you can be assured that they are created with “easy to remember” rhythmical and note patterns (crucial to marimba education).

The arrangements are in 3 levels: Easy, Intermediate and Difficult. These levels have been created based on: 1. Approximate time it takes to teach the piece, 2. The difficulty of the melodic line (in particular) to learn and memorize, 3. The complexity of the harmony used in the piece. It is worth noting that all pop music has an increased level of difficulty to it, as opposed to many “cyclical traditional marimba pieces”. We would always suggest you start with music from our Marimba Magic Series of Books before your band starts speaking “Marimba Language” well enough to tackle the music listed below.

Please feel free to reach out to us should you have any arrangement requests or would like some tips on how to teach the pieces.
